HAYFORK PIERCES
MAN'S BACK
Son of Commissioner Loomis Receives Painful Wounds.

Eos Loomis, son of County Commissioner E. L. Loomis, met with an accident Wednesday afternoon, the 10th, which for a time bade fair to result in his death.

While unloading hay in the barn near Scotch Ridge, he was struck in the back by the hay fork whose rope attaching it to the pulley had become untied and which fell about thirty feet.

One prong of the fork (about an inch square), penetrated his back in the region of his kidneys a distance said to be four inches and gouged out a very ugly wound, as its weight made it fall over and out of his flesh.

The wound bled very profusely and it was feared he would bleed to death. However, the flow was stopped and he began to recover from the shock under the ministrations of Dr. Collier, of Pemberville.

The report from his bedside since the accident was that he was getting along very nicely.

MRS. HELEN BULL DEAD

Mrs. Helen P. Bull died July 11, at the home of her son, Follett W. Bull, in Oak Park, Ill.

She was the daughter of Jonathan and Amelia M. Perrin and lived in Perrysburg until her marriage to Follett E. Bull, of La Salle, Ill., in 1856.

Mrs. Bull is survived by a son, a daughter, Mrs. Lillian B. Ruger, four grandchildren, and a sister, Mrs. Eugenia P. Long, of Bryan, O. She was an intelligent, gracious woman, always interested in philanthropic and literary work and leaves many friends to mourn their loss.

RISINGSUN TO ERECT NEW SCHOOL BUILDING.

Risingsun has voted at a special election, by a vote of 59 to 35, to bond the town in the sum of \$10,000 for the purpose of erecting a new school building to replace the one that was destroyed by fire December 22, 1911.

MAIL CARRIERS WILL FLY.

This is an age of great discoveries. Progress rides on the air. Soon we may see Uncle Sam's mail carriers flying in all directions, transporting mail. People take a wonderful interest in a discovery that benefits them. That's why Dr. King's New Discovery for Coughs, Colds and other throat and lung diseases is the most popular medicine in America. "It cured me of a dreadful cough," writes Mrs. J. F. Davis, Stickney Corner, Me., "after doctor's treatment and all other remedies had failed." For coughs, colds or any bronchial affection it's unequalled. Price 50c and \$1.00. Trial bottle free at C. P. Champney's.

ASHLEY DENIES INTEREST
In the Purchase of the Suburban Power Company.

In a signed letter to the Maumee Advance-Era of last week, J. M. Ashley, of Toledo, the head of several electric companies, denied any interest in the purchase of the Suburban Light and Power company. He states that the Maumee Valley Electric company and the Auglaize Power company, of which he is the head, are manufacturers and wholesalers only, and that the "Ashleys" do not plan to become retailers of electricity whatever.

Whether or not Mr. Ashley and his companies have absorbed the Suburban company does not make any material difference to the people of this community. The people of Perrysburg should have interest enough in the matter to know just how and by whom this village is going to be supplied with light and power. Why the secrecy about the project, and the keeping of the individual or company names in the dark, we are unable to ascertain, and we are, with the people of Maumee in deploring the fact that the money we pay for lighting flows in a steady stream to enrich New York capitalists.

INSECT BITE COSTS LEG.

A Boston man lost his leg from the bite of an insect two years before. To avert such calamities from stings and bites of insects use Bucklen's Arnica Salve promptly to kill the poison and prevent inflammation, swelling and pain. Heals burns, boils, ulcers, piles, eczema, cuts, bruises. Only 25c at C. P. Champney's.

THREE AUTOS IN ACCIDENT.

Three automobiles, belonging to Mr. Warranke, R. W. Lore and W. O. Holst, of Toledo, figured in an accident on the river road above Maumee Sunday evening.

Mr. Warranke and Mr. Lore were coming north, and in turning out to pass Mr. Holst, who was approaching them, Mr. Lore's auto turned into the ditch, while the other two machines locked wheels. The wheels had to be taken off to allow a separation of the cars.

Mrs. Lore, the only one to suffer any injury, had several teeth broken and her wrist cut.

WHAT MAKES A WOMAN?

One hundred and twenty pounds, more or less, of bone and muscle don't make a woman. It's a good foundation. Put into it health and strength and she may rule a kingdom. But that's just what Electric Bitters give her. Thousands bless them for overcoming fainting and dizzy spells and for dispelling weakness, nervousness, backache and tired, listless, worn-out feeling. "Electric Bitters have done me a world of good," writes Eliza Pool, Depew, Okla., "and I thank you, with all my heart, for making such a good medicine." Only 50c. Guaranteed by C. J. Champney.

HORSE STOLEN BY MERE YOUTH

Young Man Tried to Sell the Animal for \$10.

"Want to buy a horse for \$10?" Such was the question which was asked of Tom Tinney near Lime City Monday evening of last week and of Grant Stevens, north of Bowling Green, later in the evening. The questioner was a young fellow who calls himself William Glock and who says he is 22 years old, although he does not look to be over fourteen or fifteen.

He was placed under arrest Monday night and lodged in jail after several hours' search for him had been made by Sheriff Heald and Deputies Skibbie and Shoecraft. He is reported to have acknowledged the theft of a horse on the streets of East Toledo.

The story is that the lad took the horse and drove it to Lime City. There he traded the fine surrey to Hans Nisson for an old rattletrap of a buggy and \$2 "to boot." He then offered to sell the horse to several parties, among these being Deputy Sheriff Shoecraft, after the latter had got in the rig with him at the edge of town.

In a coat which was in the rig was a bank book and a letter both with the name of Cassius E. Upton, Station B, East Toledo, on them. He proved to be the owner of the horse. The young fellow has told several stories. One related is that he spent some time in the Lancaster reform school.

The horse, which was placed in Wilson's livery barn, is a bay mare about 14 years old with a white star on its forehead and a little streak of white running down its nose. All four feet are black. It has the appearance of having been well cared for.

The rig for which the youth traded the surrey is an old, dilapidated affair with several loose spokes in the wheels, with a broken dashboard, cracked fells and a cushionless seat. The boy was taken to Toledo for hearing.

MUCH DAMAGE BY STORM

Which Passes Over Wood and Lucas County Monday.

In a wind and electrical storm that raged over this county and Lucas county Monday afternoon many people were injured and property damaged, and the crops were razed to the ground. Most of the injuries to people were in Lucas county and along the lake front. One man, Hector Brabanter, a Wood county farmer, was struck by lightning while working in a sugar beet field and was killed. He was standing under a tree on the Fred Overmeyer farm at Webb's Station when he was hit. He was an employee of the Continental Sugar Beet Company, of Fremont. The most material damage in this county was to the crops and the telephone wires and poles. The corn, oats and wheat fields had the appearance after the storm of having been rolled with a steam roller. The temperature before the storm at 12:30 was 91, and afterwards it was below 70 degrees, which it maintained till after midnight.

The only other life fatality was that of a hand on a dredge near Kelley's Island. He was blown from the dredge where he was working.

MOTORCYCLE IN- JURES RIDER.

Harry Winton, 24, of Bowling Green, suffered severe bruises and was badly shaken up Sunday afternoon when the motorcycle he was riding skidded when turning a sharp turn in the river road above Maumee. He was taken to Maumee and his wounds dressed, where it was found that his right cheek was cut and his nose badly bruised by the fall.

Buy it now. Chamberlain's Colic, Cholera and Diarrhoea Remedy is almost certain to be needed before the summer is over. Buy it now and be prepared for such an emergency. For sale by all dealers.

FREE TRIP TO OHIO STATE FAIR

Columbus, Aug. 26-31.

The State Board of Agriculture will pay the expenses of two boys from each county to the Ohio State Fair, to be held in Columbus during the week of August 26 to 31. Expenses mean railroad fare, board and bed from time of leaving home until return. Boys must be between the ages of 15 and 20 years. Boys who won the trip last year are not eligible to compete in 1912. The great success and educational value of sending one boy from each county last year induced the state board to have two boys this year.

In counties where one or more offers have been made to send boys on the free trip to Washington for the growing of best acres of corn, only those boys who are entered in the corn growing contest will be eligible to be candidates for the free trip to the State Fair. In counties where no free trip is offered, the competition is open to all boys of right age.

Other states have taken up the Ohio plan for paying the expenses of farm boys to study the big exposition. Illinois and New York have adopted it and other states will follow. The boys will visit all state institutions at Columbus, and attend church services at the Penitentiary on the Sunday preceding the fair, after which the warden will escort them through every part of the big prison. Lectures will be given

on various farm topics by competent instructors. Boys should send for application blanks and rules at once. The election of these two boys will occur at the court house in each county on Saturday, August 17, at 10 a. m. The following persons shall be delegates and have one vote each, but no proxies: County commissioners, county school examiners, president and secretary of county and independent fairs, president and secretary of county teachers' institute, masters of granges, president and secretary of county Sunday school convention, president and secretary of each regular and independent farmer institute, president and secretary of farmer picnics that have been organized for two years or more, each newspaper, and the president of any of the following: Corn Improvement Associations, County Horticultural Societies, Pomona Granges, Pioneer Associations and Farmers' Mutual Insurance Companies.

The State Fair in connection with the Columbus Centennial, and the visit of President Taft, will be the greatest in its history. Exhibit space is practically all sold far in advance of the opening day.

Write for blanks and information at once to Columbus, and address

A. P. SANDLES, Secretary.

During the summer months mothers of young children should watch for any unnatural looseness of the bowels. When given prompt attention at this time serious trouble may

be avoided. Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon. For sale by all dealers.

AUTO SKIDS-- SPILLS-OCCUPANTS

Slippery Roads Near Holland Caused Machine to Go into Ditch.

An automobile belonging to Harry Hopwood, of Whitehouse, and carrying himself and M. U. Jarret and Forest Noble, of this place, skidded in the slippery road near Holland Sunday and precipitated itself and occupants into the ditch at the side of the road.

The machine was badly damaged and had to be towed into town for repairs, while the passengers escaped without injury.

They had been out repairing a telephone at the Robert Kell home in the afternoon and were returning home when the accident occurred.

COURT HOUSE NEWS

\$10,000 Damage Suit.

Ten thousand dollars is the heart balm desired by R. V. Oberdorf from Lewis A. Neier, et al. It is contended by Oberdorf that he was slandered by Neier to such an extent that his wife refused to live with him and sued for a divorce on June 6 last. The plaintiff asserts that he and his wife had lived happily together for eighteen months, or until the time the "malicious" stories were put in circulation. He says that after the time the reports were started his wife refused to live with him and on June 5th left his house. He declares that a few days afterward the defendant, without any authority whatever came to the house and removed the furniture and what chattel property he possessed.

Must Give Peace Bond.

Edward Krohn was taken to Rossford by Deputy Skibbie Friday night and had his hearing before Justice Henry Dietz, Krohn having been arrested on a peace warrant sworn out by his wife. The justice placed him under a \$50 bond to keep the peace and he was returned to jail.

Hearing Monday.

The hearing of Fred Johnson and Chas. Welch, the two men arrested Friday morning by Sheriff Heald for the Cygnet store robbery, was held Monday. Affidavits had been made out against them by Mr. Smith and Mr. Edison, whose stores were robbed. The hearing was held in Justice Comstock's court.

Marriage Licenses.

Chas. O. Dillinger, 27, employee Boys' Industrial school, Lancaster, Florence B. Baker, 28, North Baltimore. Rev. Chapman.

Wilson W. Lahman, 22, carpenter, Dunbridge, and Florence M. Driscoll, 23, Bowling Green. Rev. Bates.

Partition Suit.

Frank A. Reid has brought suit against Robt. J. Hillabrand for the partition of lot 744 in the village of Perrysburg. It is set forth that John H. Reid, deceased, owner of the lot, was survived by the following relatives: Augusta A. Reid, widow, Frank, Howard, Richard and Mary Augusta Reid.

Howard died in 1886, willing the property to his widow, Margaret A. Reid. In 1887, plaintiff says, he purchased the interest of the widow, later Augusta, James and Richard, as heirs, conveyed the property by quit claim to Mary Augusta Reid Vance, she having been again married. This year, by a general warranty deed, the property was conveyed to Mr. Hillabrand. It is stated by the plaintiff that he is entitled to two-fifths of the lot, and Mr. Hillabrand the other three-fifths, and if the lot cannot be equitably divided plaintiff asks that it be sold and the proceeds divided according to the above ownership.

CITIZENS WILL GET GAS

Commissioners Will Allow Gas Mains to Cross Bridge.

There was considerable anxiety on the part of the citizens of this place and Maumee last week in regard to the gas supply of the towns.

When the floor of the river bridge above this place was repaired the gas main was taken up. After the repairing of the bridge the commissioners refused to allow the company to relay their main across the river. Soundings were made but it developed that a solid bed of rock would not permit of a crossing on the river bed, and it was decided to cross at Walbridge park and cut off the supply of the two up-river towns.

Committees from this village and Maumee met the commissioners in joint session at Toledo last week, and Attorney L. M. Murphy, of Maumee, presented a petition and addressed that body, telling of the injury to the two towns if such a thing was done.

A motion was passed authorizing the commissioners and engineers to meet at the bridge and ascertain where the pipe should be laid.

Commissioners Davies, of Lucas county, and Loomis, of Wood county, were the ones who wanted the line abandoned.

FLYER HITS AUTO.

Dr. H. Mannhardt, of Custar, had a very close call from death last Sunday afternoon while crossing the C. H. & D. R. R. at that place.

As he drove up on the track he did not see the approaching flyer, which is due about 3 p. m. at that place. The train struck the front of the machine and carried away the radiator and one wheel, while the doctor and the remainder of the machine was left on the side of the track.

Can't look well, eat well or feed well with impure blood feeding your body. Keep the blood pure with Burdock Blood Bitters. Eat simply, take exercise, keep clean and you will have long life.

HAMPTON-ZAENGER RITES.

Mr. C. A. Hampton and Miss Sophia Zaenger were married at the M. E. parsonage at Bloomdale, by Rev. W. W. Consteln, Tuesday afternoon, July 16. After a short wedding trip they will return to Perrysburg to live.

Mr. Hampton is one of Perrysburg's most eminent citizens, while his bride is a woman of high character and for a number of years has been a teacher in the schools of Toledo. They have the congratulations of the community.

HOW TO KILL YOUR TOWN.

Buy from peddlers as much and as often as possible.

Denounce your merchants because they make a profit on their goods. Glory in the downfall of a man who has done much to build up your town.

Make your town out a bad place and stab it every chance you get. Refuse to unite in any scheme for the betterment of the material interests of the people.

Tell your merchant that you get goods a great deal cheaper in some other town and charge him with extortion. If a stranger comes to your town tell him everything is overdone and predict a general crash in the near future.

Patronize outside newspapers to the exclusion of your own and then denounce yours for not being as large and as cheap as the city papers.

If you are a merchant, don't advertise in the home paper, but compel the editor to go elsewhere for advertisements, and howl like a sore head because he does so. Buy a rubber stamp and use it. It may save you a few dimes and make your letterheads look as though you were doing business in a one-horse town.

If you are a farmer curse the place where you trade as the meanest on earth. Talk this over with your neighbors and tell them the men are robbers and thieves. It will make your property much less valuable, but you don't care.
